INFORMATION DISCLOSURE STATEMENT

Sir:

In compliance with the duty of disclosure under 37 C.F.R. § 1.56 and in accordance with the practice under 37 C.F.R. §§ 1.97 and 1.98, the Examiner's attention is directed to the document listed on the enclosed Form PTO-1449. An April 7, 2009 Official Action issued on in Mexican Patent Application No. PA/a/2005/011295, a foreign counterpart application. A copy of a partial English translation of the Official Action is enclosed. The Official Action cited the following documents:

- (1) U.S. Patent No. 6,356,937 (Incorrectly typed as No. 6,936,357)
- (2) U.S. Patent Application Publication No. 2003/0208441

Since US Patent No. 6,936,357 relates to Bulk Gan and Algan Single Crystals and is unrelated to the subject matter of the present application, the Mexican patent examiner was contacted and confirmed that document D1 cited in the Mexican Official Action was a typographical error and

was supposed to be cited as U.S. Patent No. 6,356,937. US Patent No. 6,356,937 is already of record in the present application, having been cited in an February 17, 2006 Information Disclosure Statement. Document (D2) is also already of record in this application, having been cited in an Official Action mailed March 11, 2008.

It is respectfully requested that the above information be considered by the Examiner and that a copy of this page and the enclosed Form PTO-1449 be returned indicating that such information has been considered.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address given below.

Respectfully submitted,
